PURPOSE

To ensure the school community understands our school’s approach to first aid for students.

SCOPE

First aid for anaphylaxis and asthma are provided for in our school’s:

- *Anaphylaxis Policy*
- *Asthma Policy*

POLICY

From time to time Wallan Primary School staff might need to administer first aid to students at school or school activities.

Parents/carers should be aware that the goal of first aid is not to diagnose or treat a condition.

Staffing

The Principal will ensure that Wallan Primary School has sufficient staff with the appropriate levels of first aid training to meet the first aid needs of the school community.

Our school’s trained first aid officers are listed in our Emergency Management Plan (EMP). Our EMP includes the expiry dates of the training. This list is reviewed annually as part of the annual review of the Emergency Management Plan.

First aid kits

Wallan Primary School will maintain:

- a major First Aid kit which will be stored in the First Aid room.
- 5 portable First Aid kit/s which may be used for excursions, camps or yard duty. The portable First Aid kit/s will be stored in the First Aid room.

The First Aid officer will be responsible for maintaining all first aid kits, ensuring they are managed in accordance with the Department's policy and guidance on first aid kits – refer to [First aid kits](#).

Care for ill students

Students who are unwell should not attend school.

If a student becomes unwell during the school day they may be directed to First Aid room and monitored by staff. Depending on the nature of their symptoms, staff may contact parents/carers or an emergency contact person to ask them to collect the student.

First aid management

If there is a situation or incident which occurs at school or a school activity which requires first aid to be administered to a student:

- Staff who have been trained in first aid will administer first aid in accordance with their training. In an emergency situation, other staff may assist in the administration of first aid within their level of competence.
- In a medical emergency, staff may take emergency action and do not need to obtain parent/carer consent to do so. Staff may contact Triple Zero "000" for emergency medical services at any time.
- Staff may also contact NURSE-ON-CALL (on 1300 60 60 24) in an emergency. NURSE-ON-CALL provides immediate, expert health advice from a registered nurse and is available 24 hours a day, 7 days a week.
- If first aid is administered for a minor injury or condition, Wallan Primary School will notify parents/carers via a Compass notification.
- If first aid is administered for a serious injury or condition, or in an emergency situation, school staff will attempt to contact parents/carers or emergency contacts as soon as reasonably practical.
- If staff providing first aid determine that an emergency response is not required but that medical advice is needed, school staff will ask parents/carers, or an emergency contact person, to collect the student and recommend that advice is sought from a medical practitioner.

Whenever first aid treatment has been administered to a student Wallan Primary School will:

- record the provision of first aid treatment on Compass
- if care was provided in response to a medical emergency or reportable incident, follow the Department's [Reporting and Managing School Incidents Policy](#), including reporting the incident to the Department's Incident Support and Operations Centre on 1800 126 126 where required to under that policy.

COMMUNICATION

This policy will be communicated to our school community in the following ways:

- available publicly on our school's website
- included in staff induction and staff training
- discussed at staff briefings
- included in the staff handbook
- reminders in the school newsletter
- hard copy available from the school office upon request
