

PHYSICAL EDUCATION

Wallan Primary School is part of the Craigieburn Primary Sports District and is affiliated with School Sports Victoria. Throughout the year students from Years 3 to 6 have the opportunity to participate in district events such as Athletics Carnivals and Cross Country Championships with the opportunity to progress to national level.

Students in Years 5 and 6 participate in regular internal and external school sports. Students have the opportunity to represent their school in an inter-school sports competition held throughout each term against other schools in the district.

All students participate in a weekly 50 minute physical education lesson. Students in Foundation, Year 1 and 2 are introduced to basic motor skills such as running, punt kick, hopping, jumping, skipping, catching, throwing, kicking, bouncing, dodging and striking. They

develop the ability to combine these skills into more complex and coordinated movements and begin to apply these in modified games and sports.

Students in Years 3, 4, 5 and 6 further consolidate these motor skills to apply them to more complex games, activities and specific sports. They use skills such as developing strategies to improve both theirs and their teams performances. They are encouraged to provide constructive feedback to their peers. They will also at times act as the referee/umpire when playing modified games.
